ZALOKAR, JULIA B. Marital status and major causes of death in women, 50
ZUBROD, CHARLES G., SCHNEIDERMAN, MARVIN, FREI, EMIL, III, BRINDLEY, CLYDE, GOLD, G. LENNARD, SHNIDER, BRUCE, OVIEDO, RAUL, GORMAN, JOHN, JONES, RALPH, JR., JONSSON, ULFAR, COLSKY, JACK, CHALMERS, THOMAS, FERGUSON, BRUCE, DEDERICK, MARGARIDA, HOLLAND, JAMES, SELAWRY, OLEG, REGELSON, WILLIAM, LASAGNA, LOUIS, AND OWENS, ALBERT H., JR. Appraisal of methods for the study of chemotherapy of cancer in man: comparative therapeutic trial of nitrogen mustard and triethylene thiophosphoramide, 7

SUBJECT INDEX*

A

Acute medical syndromes and emergencies. Diagnosis and treatment (B. rev.), 558
Aged persons, multidiciplinary studies of illness in, prognostic indices of fracture of hip (Staff of The Benjamin Rose Hospital), 445
Aldosterone in fluid and electrolyte disorders: hyper- and hypoaldosteronism (Laragh), 292
Announcements, 348, 457, 560, 646
Atherosclerosis, factors influencing prognosis of cerebral thrombosis and infarction due to (David and Heyman), 394

B

Bibliography, annotated, on experiments with chlorpromazine in schizophrenic, neurotic, and normal humans (Heilizer), 126
Body fluid, symptoms and signs in disorders (Black), 340
Book reviews:
  The acute medical syndromes and emergencies. Diagnosis and treatment (Hyman), 558
  Catalytic models in epidemiology (Muench), 88
  Family medical encyclopedia (Schifferes), 559
  Molecules and mental health (Gibbs), 186
  Pyelonephritis (Colby), 456
  Recent advances in cardiology (East and Bain), 89
  Steric course of microbiological reactions (Wolstenholme and O'Connor), 558
  The story of dissection (Kevorkian), 559
  A synopsis of skin diseases (Solomons), 186
  The venography of the lower extremities (May and Nissl), 89

C

Calcium and the kidney (Epstein), 255
Cancer, 149, 579
  chemotherapy, comparative trial of nitrogen mustard and triethylene thiophosphoramide (Zubrod et al.), 7
  control, public health aspects (Evang and Pedersen), 149
  lung, and smoking, evidence on relationship (Davies), 579
  statistics (Evang and Pedersen), 159
Cardiac cycle, recording (Lewis) (Edit.), 2
  murmers, recording (Lewis) (Edit.), 4
Cardiovascular, 394, 615
Catalytic models in epidemiology (B. rev.), 88
Cerebral thrombosis and infarction due to atherosclerosis, factors influencing prognosis (David and Heyman), 394
Chemotherapy of cancer in man, comparative trial of nitrogen mustard and triethylene thiophosphoramide (Zubrod et al.), 7
Chlorpromazine, in schizophrenic, neurotic, and normal humans, experiments with (Heilizer), 102
Chronic diseases, etiologic factors, further comments on methodology of investigations (Sartwell), 61
  renal disease, electrolyte disorders in (Schwartz and Polak), 319
  skin ulcers and diabetes mellitus, relationship of tetanus to (Takos and Menzin), 170
Classification of disease—fundamental problem (Moriyama), 462
Clinical, physiologic and, aspects of magnesium metabolism (Barker), 278
  social work planning with patients for hospital discharge (Moncure), 176
  trial—difficulties and suggestions (Mainland), 484
Collagen diseases, 34
Coronary heart disease, mortality, in California men who work long hours (Buell and Breslow), 615
  and physical activity of work in California (Breslow and Buell), 421
  in strata of labor force of Chicago industrial corporation, prevalence and incidence (Stamler et al.), 405

D

Death, major causes, marital status and, in women (Zalokar), 50
Diabetes mellitus, chronic skin ulcers and, relationship of tetanus to (Takos and Menzin), 170
Disease, chronic, etiologic factors, further comments on methodology of investigations (Sartwell), 61
  renal, electrolyte disorders in (Schwartz and Polak), 319
  classification, fundamental problem (Moriyama), 462
  collagen, 34
  coronary heart, mortality, in California men who work long hours (Buell and Breslow), 615
  and physical activity of work in California (Breslow and Buell), 421

*January, pp. 1-90; February, pp. 91-186; March, pp. 187-348; April, pp. 349-458; May, pp. 459-560; June, pp. 561-654.

Disease—Cont'd
prevalence and incidence in strata of labor force of Chicago industrial corporation (Stamler et al.), 405
distribution of, in population (Lilienfeld), 471
infectious, 170
rheumatic heart, stethoscope as source of diagnostic aid and conceptual errors in (Feinstein) (Edit.), 91
Disorders of body fluid, symptoms and signs (Black), 340
electrolyte, in chronic renal disease (Schwartz and Polak), 319
fluid and electrolyte, aldosterone in, hyper- and hypoaldosteronism (Laragh), 292

E

Editorials:
The renaissance of phonocardiography (Lewis), 1
The stethoscope: a source of diagnostic aid and conceptual errors in rheumatic heart disease (Feinstein), 91
Electrolyte disorders in chronic renal disease (Schwartz and Polak), 319
fluid and, disorders, aldosterone in, hyper- and hypoaldosteronism (Laragh), 292
water and, metabolism, symposium, 187-347
Epidemiology, 50
Etiologic factors in chronic diseases, further comments on methodology of investigations (Sartwell), 61
Experiments with chlorpromazine in schizophrenic, neurotic, and normal humans, annotated bibliography (Heilizer), 126
critical review (Heilizer), 102

F

Family medical encyclopedia (B. rev.), 559
Fluid, body, symptoms and signs in disorders (Black), 340
and electrolyte disorders, aldosterone in, hyper- and hypoaldosteronism (Laragh), 292
Fracture of hip, prognostic indices, multidisciplinary studies of illness in aged persons (Staff of The Benjamin Rose Hospital), 445

G

Gout, clinical experience with zoxazolamine as uricosuric agent (Kolodny), 64

H

Health department activities, indices for appraisal (Ciocco), 509
public, aspects of cancer control (Evang and Pedersen), 149
Heart disease, coronary, mortality, in California men who work long hours (Buell and Breslow), 615
and physical activity of work in California (Breslow and Buell), 421
Heart Disease—Cont'd
prevalence and incidence, in strata of labor force of Chicago industrial corporation (Stamler et al.), 405
rheumatic, stethoscope as source of diagnostic aid and conceptual errors in (Feinstein) (Edit.), 91
Hip, fracture, prognostic indices, multidisciplinary studies of illness in aged persons (Staff of The Benjamin Rose Hospital), 445
Home care, patients' characteristics and experience (Goldmann and Fraenkel), 77
Hospital discharge, clinical social work planning with patients for (Moncure), 176
Household interview survey as technique for collection of morbidity data (Feldman), 535
Hyperaldosteronism and hypoaldosteronism, aldosterone in fluid and electrolyte disorders (Laragh), 292
Hypoaldosteronism, hyperaldosteronism and, aldosterone in fluid and electrolyte disorders (Laragh), 292

I

Illness in aged persons, multidisciplinary studies, prognostic indices in fracture of hip (Staff of The Benjamin Rose Hospital), 445
Infarction, cerebral thrombosis and, due to atherosclerosis, factors influencing prognosis (David and Heyman), 394
Infectious diseases, 170
Interview survey, household, as technique for collection of morbidity data (Feldman), 535

K

Kidney, calcium and (Epstein), 255
consequences of potassium depletion to (Welt, Hollander, and Blythe), 223

L

Lung cancer, smoking and, evidence on relationship (Davies), 579
Lupus erythematosus, systemic, pathogenetic concepts (Altrocchi), 34

M

Magnesium metabolism, physiologic and clinical aspects (Barker), 278
Marital status and major causes of death in women (Zalokar), 50
Medicine, preventive, evaluation of services (Hutchison), 497
statistical problems in, symposium, 459-557
Metabolism, magnesium, physiologic and clinical aspects (Barker), 278
water and electrolyte, symposium, 187-347
Molecules and mental health (B. rev.), 186
Morbidity data, collection, household interview survey as technique for (Feldman), 535
statistics, cancer (Evang and Pedersen), 163

Mortality from coronary heart disease in California men who work long hours (Buell and Breslow), 615
and physical activity of work in California (Breslow and Buell), 421
statistics, cancer (Evang and Pedersen), 159
Multidisciplinary studies of illness in aged persons. III. Prognostic indices in fracture of hip (Staff of The Benjamin Rose Hospital), 445
Murmers, cardiac, recording (Lewis) (Edit.), 4
Muscle paralysis, respiratory, pulmonary nitrogen clearance in first two years of poliomyelitis with (Spencer and Vallbona), 561

N

Neurotic, schizophrenic, and normal humans, experiments with chlorpromazine in (Heilizer), 102
Nitrogen clearance, pulmonary, in first two years of poliomyelitis with respiratory muscle paralysis (Spencer and Vallbona), 561
mustard and triethylene thiophosphoramide, comparison in cancer chemotherapy (Zubrod et al.), 7
Nonbarbiturate sleep-inducing drug, new, thalidomide (Lasagna), 627

O

Obesity, treatment, analysis of methods, results, and factors which influence success (Feinstein), 349

P

Pain, postherpetic (Crikelair and Minervini), 69
Paralysis, respiratory muscle, pulmonary nitrogen clearance in first two years of poliomyelitis with (Spencer and Vallbona), 561
Phonocardiography, renaissance (Lewis) (Edit.), 1
Physical activity of work in California, mortality from coronary heart disease and (Breslow and Buell), 421
Physiologic and clinical aspects of magnesium metabolism (Barker), 278
Poliomyelitis with respiratory muscle paralysis, pulmonary nitrogen clearance in first two years (Spencer and Vallbona), 561
Polyuria (de Wardener), 199
Postherpetic pain (Crikelair and Minervini), 69
Potassium depletion, consequences (Welt, Hollander, and Blythe), 213
Preventive services, evaluation (Hutchison), 497
Prognosis of cerebral thrombosis and infarction due to atherosclerosis, factors influencing (David and Heyman), 394
Prognostic indices in fracture of hip, multidisciplinary studies of illness in aged persons (Staff of The Benjamin Rose Hospital), 445
Psychiatry, 102
Public health aspects of cancer control (Evang and Pedersen), 149
Pulmonary nitrogen clearance in first two years of poliomyelitis with respiratory muscle paralysis (Spencer and Vallbona), 561
Pyelonephritis (B. rev.), 456

R

Recent advances in cardiology (B. rev.), 89
Rehabilitation, 445
Renal disease, chronic, electrolyte disorders in (Schwartz and Polak), 319
Respiratory, 561
muscle paralysis, pulmonary nitrogen clearance in first two years of poliomyelitis with (Spencer and Vallbona), 561
Retrospective studies, aspects (Cornfield and Haenszel), 523
Rheumatic heart disease, stethoscope as source of diagnostic aid and conceptual errors in (Feinstein) (Edit.), 91

S

Schizophrenic, neurotic, and normal humans, experiments with chlorpromazine in (Heilizer), 102
Skin ulcers, chronic, and diabetes mellitus, relationship of tetanus to (Takos and Menzin), 170
Sleep-inducing drug, new nonbarbiturate, thalidomide (Lasagna), 627
Smoking and lung cancer, evidence on relationship (Davies), 579
Social class, evaluation of mortality from coronary heart disease by (Breslow and Buell), 421
service, 176
work, clinical, planning with patients for hospital discharge (Moncure), 176
Sodium and water needs of patients, problem (Burnell, Paton, and Scribner), 189
Standard errors of survival rates, simple method for determining (Ederer), 632
Statistical appraisal of health department activities (Ciocco), 512
problems in medicine, symposium, 459-557
introduction (Densen and Breslow), 459
Statistics, 632
cancer (Evang and Pedersen), 159
Steric course of microbiological reactions (B. rev.), 558
Stethoscope: source of diagnostic aid and conceptual errors in rheumatic heart disease (Feinstein) (Edit.), 91
Story of dissection (B. rev.), 559
Survival rates, standard errors, simple method for determining (Ederer), 632
Symposia:
Statistical problems in medicine, 459-557 (May)
Water and electrolyte metabolism, 187-347 (March)
Symptoms and signs in disorders of body fluid (Black), 340
Synopsis of skin diseases (B. rev.), 186

T

Tetanus, relationship to chronic skin ulcers and diabetes mellitus (Takos and Menzin), 170

Thalidomide—a new nonbarbiturate sleep-inducing drug (Lasagna), 627

Therapeutics, 64, 349, 627

Thrombosis, cerebral, and infarction due to atherosclerosis, factors influencing prognosis (David and Heyman), 394

Treatment of obesity: analysis of methods, results, and factors which influence success (Feinstein), 349

Triethylene thiophosphoramide, nitrogen mustard and, comparison in cancer chemotherapy (Zubrod et al.), 7

U

Uricosuric agent, zoxazolamine, clinical experience, in gout (Kolodny), 64

V

Venography of the lower extremities (B. rev.), 89

W

Water and electrolyte metabolism, symposium, 187-347
introduction (Relman), 187
sodium and, needs of patients, problem (Burnell, Paton, and Scribner), 189

Weight reduction (Feinstein), 349

Women, marital status and major causes of death (Zalokar), 50

Work, long hours, coronary heart disease in California men with (Buell and Breslow), 615

Z

Zoxazolamine, as uricosuric agent in gout, clinical experience with (Kolodny), 64
